7) A copy of letter No.22/82/1523 dated 16th September 1957 with that of its enclosure received from the Conservator of Forests, Belgaum Circle is enclosed for favour of perusal. The District Inspector of Land Records may be directed to undertake the survey work earl

8) 2. According to the G.R. R.D.No.LGL 3355/43239 P dated 5-1-1956 (available in the file) the release of the land in question for cultivation to the applicants is subject to the condition that they under take land improvement work in order to prevent soil erosion. Once the land is disafforested and handed over permanentl for cultivation there will be no scope to enforce the condition of the grant or to take action for breach of the condition if any. I am of, therefore, of opinion that instead of disforesting the area, the land may remain as forest land under the control of this Department and it may be leased out in the first instance for a period of 5 years on Hangami tenure to prevail against any breach of conditions laid down by Government.

(12) It is clear from flag B, para 2 that the Govt of Bombay had taken a decision to disafforest with a view to grant to Haripura C.C.F. for proposed lease. Recommendations may be accordingly. It is felt that the decision of Bombay Govt already taken may be respected & land disafforested.

14) It is necessary to prevent erosion of soil. Hence the proposal of the C.C.F is quite suitable. After they fulfil the conditions the land may be disafforested and granted to them outright. This threat will help them to put proper bunding
